ZAMBIA NATIONAL ANTHEM

I
Stand and sing of Zambia, proud and free,
Land of work and joy in unity,
Victors in the struggle for the rights,
We've won freedom's fight.
All one, strong and free.

II
Africa is our own motherland,
Fashion'd with and blessed by God's good hand,
Let us all her people join as one,
Brothers under the sun.
All one, strong and free.

III
One land and one nation is our cry,
Dignity and peace 'neath Zambia's sky,
Like our noble eagle in its flight,
Zambia, praise to thee.
All one, strong and free.

Chorus:
Praise be to God,
Praise be, praise be, praise be,
Bless our great nation,
Zambia, Zambia, Zambia.
Free men we stand
Under the flag of our land.
Zambia, praise to thee!

Gaudeamus igitur

Gaudeamus igitur,
Iuvenes dum sumus!
Post iucundam iuventutem
Post molestam senectutem
Nos habebit humus.

Ubi sunt, qui ante nos
In mundo fuere,
Vadite ad superos,
Transite ad inferos,
Ubi iam fuere.

Vita nostra brevis est,
Brevi finietur,
Venit mors velociter,
Rapit nos atrociter,
Nemini parcetur.

Vivat Academia,
Vivant professores,
Vivat membrum quodlibet,
Vivant membra quaelibet,
Semper sint in flore!

Vivant omnes virgines
Faciles, formosae
Vivant et mulieres
Tenerae, amabiles
Bonae, laboriosae.

Vivat et respublica,
Et qui illam regit,
Vivat nostra civitas,
Maecenatum caritas,
Quae nos hic protegit.

Pereat tristitia,
Pereant osores,
Pereat diabolus,
Quivis Antiburschius,
Atque irrisores.

Interpretation

While we're young, let us rejoice,
Singing out in gleeful tones;
After youth's delightful frolic,
And old age (so melancholic!),
Earth will cover our bones.

Where are those who trod this globe
In the years before us?
They in hellish fires below,
Or in Heaven's kindly glow,
Swell th' eternal chorus.

Life is short and all too soon
We emit our final gasp;
Death ere long is on our back;
Terrible is his attack;
None escapes his dread grasp.

Long live our academy,
Teachers whom we cherish;
Long live all the graduates,
And the undergraduates;
Ever may they flourish.

Long live all the maidens fair,
Easy-going, pretty;
Long live all good ladies who
Are tender and so friendly to
Students in this city.

Long live our Republic and
The gentlefolk who lead us;
May the ones who hold the purse
Be always ready to disburse
Funds required to feed us.

Down with sadness, down with gloom,
Down with all who hate us;
Down with those who criticize,
Look with envy in their eyes,
Scoff, mock and berate us.

GRADUATE PLEDGE

"I, (Graduand's name).....
As a graduand of ZCAS University, I pledge to champion integrity in all spheres of influence. I will adhere strictly to ethical standards in my profession, promoting transparency and accountability in my conduct. I commit to upholding the values of honesty, fairness, and responsibility, striving to contribute positively to a corruption-free society. I will utilize my education and skills to drive sustainable development and economic growth, fostering a culture of honesty and trust in every business endeavor. With determination and dedication, I pledge to be a catalyst for change, working towards a future where uprightness prevails, and corruption diminishes, ensuring a brighter tomorrow for our country and its people.
So I pledge."

FOREWORD

Dear Graduates, Esteemed Guests, and Members of the ZCAS University Community,

It is with immense pride and great pleasure that I welcome you to the 10th ZCAS University Graduation Ceremony, held under the theme "A Decade of Excellence: Celebrating Achievement and Inspiring the Future."

This year's Graduation Ceremony marks an important milestone in the history of ZCAS University. As we celebrate our 10th Graduation Ceremony, we reflect with pride on a decade of academic excellence, growth, achievement, and our continued commitment to developing graduates who are ready to contribute meaningfully to society. Today, we celebrate the dedication, resilience, and hard work of you our graduates. Your journey to this moment has required commitment, discipline, and determination. The qualifications you receive today represent not only your academic achievement, but also your readiness to embrace new opportunities and make a positive difference in your professions, communities, and the nation.

The theme of this year's ceremony reminds us that excellence is built over time. As ZCAS University celebrates this important milestone, we honour the achievements that have shaped our journey while looking confidently towards the future. We remain committed to providing quality education that equips our graduates with the knowledge, entrepreneurial skills, innovation, and leadership capabilities required in a rapidly changing world.

To our graduates, as you begin the next chapter of your journey, I encourage you to carry forward the values and knowledge gained at ZCAS University. Be innovative, responsible, ethical, and committed to excellence. Use your education to create opportunities, provide solutions, and contribute to Zambia's social and economic development. I also extend our sincere appreciation to the parents, guardians, sponsors, lecturers, staff, partners, and other stakeholders whose support has contributed to the success of our graduates and the continued growth of ZCAS University.

On behalf of the University, I congratulate every graduate on this remarkable achievement. May this milestone inspire you to pursue even greater accomplishments and to become leaders who positively shape the future.

Congratulations to the Class of 2026 on this momentous occasion!

Dr. Tukiya Kankasa-Mabula
Chancellor
ZCAS University

ABOUT ZCAS UNIVERSITY

ZCAS University Limited was established in 2016 by the Zambia Centre for Accountancy Studies (ZCAS) as a private university and incorporated as a Special Purpose Vehicle to facilitate the development, delivery, and awarding of academic degree programmes in accordance with the provisions of the Higher Education Act No. 4 of 2013 of the Republic of Zambia.

The establishment of the University represented a strategic step in the evolution of ZCAS, an institution with a long-standing reputation for excellence in professional education and training, particularly in accountancy, finance, and business-related disciplines. Building on this strong foundation, ZCAS University was created to expand access to quality higher education and to contribute meaningfully to the development of highly skilled professionals capable of addressing Zambia's socio-economic development needs.

The University offers a broad range of academic programmes across several disciplines, including business, finance, accounting, economics, information technology, monitoring and evaluation, project management, law and related fields. These programmes are designed to combine strong theoretical grounding with practical and industry-relevant skills, thereby preparing graduates to effectively compete in both local and global environments.

In 2022, ZCAS University attained Tier 1 institutional classification from the Higher Education Authority (HEA), the highest category of institutional accreditation in Zambia's higher education system. This classification authorises the University to offer academic programmes at undergraduate, postgraduate, and doctoral levels, and reflects the institution's compliance with rigorous standards relating to governance, academic quality, research capacity, infrastructure, and student support services.

Since its establishment, ZCAS University has continued to grow in enrolment, academic offerings, and research output. The University remains committed to providing quality education, fostering innovation and research, promoting ethical leadership, and strengthening partnerships with industry and other academic institutions both locally and internationally. Through its teaching, research, and community engagement activities, ZCAS University seeks to contribute to national development, economic transformation, and the cultivation of future-fit leaders capable of addressing contemporary challenges and shaping a sustainable future.

CONGRATULATIONS FROM UNIVERSITY OF GREENWICH

It is my absolute honour and privilege to extend my congratulations to all the wonderful Zambia Centre for Accountancy Studies (ZCAS) graduates on your amazing achievements. Today we are recognising the achievements of a significant number of ZCAS undergraduate students on the BA(Hons) Business Studies, the BA(Hons) Business Purchasing and Supply Chain Management and the BSc Computing programmes and also a group of students from the MBA International Business programme. As is the case each year, I was delighted to see some ZCAS students in Greenwich in July to receive their awards at our on-campus ceremony. I realise that this trip is not possible for everyone, but I really hope to see some of today's graduates at the ceremony next summer.

Graduation marks the end of an important part of your lives, and the beginning of the next. Each of you have taken a unique journey to get to this moment. As you walk out today you are taking with you wonderful memories, friends that you have made, skills that you have gained, and each and every one of your accomplishments. Allow yourself some time over the next few days to stop and record these and ensure that whenever you need to remind yourself of what you can achieve, they are there for you to refer to. Many of you will have juggled multiple responsibilities, cared for your families, and persevered despite all the challenges that life has thrown at you. You did not give up.

You are here and you are graduating. So, you have every right to be incredibly proud of your achievements and of the resilience and determination that you have shown. Always remember that. It is your time now to go out to the world and make a difference.

And as you do that, I want you to be proud of the institutions that helped you along the way and that you will always be a part of. Over the past 20 years we have been proud to collaborate with ZCAS, combining academic rigour with practical and professional skills to prepare graduates for the modern world of work. Our partnership is still developing and growing and, between us, we are bringing a number of new degree programmes to Zambia over the next year. It is wonderful that since 2005, thousands of students have studied with us on both undergraduate and postgraduate courses across three different faculties. We are delighted that this amazing talent is going out and contributing to the local economy of Zambia as well as going out to the wider world to make a difference and change lives.

We take huge pride in the diversity and richness that this partnership brings to our graduating class, with each of you contributing unique cultural backgrounds, experiences, and perspectives that enrich our community. Graduands, as of today, you have joined a global alumni community that is now close to 300,000 strong. Now more than ever, this community is a powerful resource to lean on and they, along with the university, are here to help you progress in your graduate career and navigate the next stages of your journey.

On behalf of the University of Greenwich I wish you all huge congratulations on your wonderful successes.

DIRECTORATE OF RESEARCH, CONSULTANCY & INNOVATION

One of the pillars of tertiary education is research. ZCAS University's Research and Innovation directorate conducts quality applied research to solve real life problems and undertakes needs assessments before designing learning programmes. We develop standards, processes and procedures for the conduct and management of ethical research and innovation, for our students. We also conduct cutting edge contract research for public and private sector organisations with a view of improving productivity and developing new and innovation solutions to their challenges in an organised manner. We foster scholarly work through publication of evidence based publications in peer reviewed journals of international standards.

We create new knowledge through research and innovation and consequently provide platform for updated learning, based on existing as well as new knowledge created. We have in the recent past conducted research for Citizens Economic Empowerment Commission (CEEC), and Oxfam Zambia among other clients.

CONGRATULATIONS FROM NCC

To the NCC Education graduates, ZCAS University management, staff and lecturers, family and friends, I am truly honoured to congratulate the NCC Education students at the ZCAS University Graduation Ceremony. Your hard work and dedication have culminated in this memorable milestone, as the graduation ceremony stands as one of the most significant and unforgettable events in anyone's life, marking the end of a long journey of academic and social preparation through periods of uncertainty and various challenges. We extend sincere appreciation to the dedicated staff and lecturers at ZCAS University for ensuring that every student has received the academic support needed to successfully complete their NCC Education qualification.

Today, I look at the graduate and see individuals who have not only achieved a qualification that will open doors both locally and internationally, but who have also developed remarkable resilience and are now empowered to pursue their dreams with confidence, with endless opportunities awaiting them.

You have also joined the wider NCC Education alumni community of over 1 million members worldwide, and we warmly encourage you to stay connected with us by joining our LinkedIn Alumni page at https://www.linkedin.com/groups/13848413/, as we would love to continue hearing your success stories and following your journey as it unfolds. Wishing you all the very best for the future and continued success in all that lies ahead.

DIRECTORATE OF OPEN, DISTANCE AND eLEARNING (ODeL)

Apply now to enroll for programmes in 2026

All ZCAS University degree programmes are available online through the Directorate of Open, Distance and eLearning (ODeL) which also offers a number of Diploma programmes and degree programmes in collaboration with its partner National Computing Centre (NCC).

Distance Education and eLearning are formal delivery modes at ZCAS University that provide alternative learning options to willing students who may be disadvantaged by space and time. Through the use of the e-learning platform, ZCAS University is able to effectively support students by giving them high quality and suitable learning materials in the form of structured modules, extra reading resources, assignments and activities including quizzes, group work, chats, and forums. The e-Learning platform is blended with face-to-face interaction through purposely created residential schools. This allows students, particularly those requiring practical learning through the laboratories, to have hands-on practice and gain the required skills.

Through e-learning platform, ZCAS University is able to conduct short courses and interact with participants across the country. As part of its commitment to its students on this study mode, the University has invested in a number of technologies to support student/staff engagement. Prominent among these investments are the Student Information System (SIS) and the MOODLE Learning Management System (LMS) plug-ins. These plug-ins allow students to follow lecture proceedings wherever they are and engage the teaching staff in real time as long as they have internet connectivity via the phone or on a computer. Alternatively, students can access recorded lectures via the LMS. With these investments, ZCAS University is committed to making sure that your learning experience, including online feedback, is really enjoyable and progressive.

TITLE OF STUDY	***An Investigation of the Impact of Technological Advancements in Financial Services on Customer Experience in Selected Commercial Banks in Zambia***

ABSTRACT

This study developed the Integrated Customer-Centric Technology Adoption and Service Quality (ICTASQ) Model for Zambia's commercial banking sector, addressing the lack of an integrated framework explaining how technology adoption and service quality jointly shape customer experience. Using mixed methods, Shelly Esinam Amoah examined mobile banking, internet banking and ATMs. The ICTASQ Model integrates TAM, UTAUT, SERVQUAL, Familiarity Theory and Contrast Theory, demonstrating how technology acceptance, service quality, customer familiarity, expectations and regulatory conditions interact to shape customer experience. The model provides banks and policymakers with a practical framework for designing secure, reliable, accessible and customer-centred digital financial services.

TITLE OF STUDY	***An Evaluation of Factors Affecting Agent Retention in the Life Insurance Industry of Zambia***

ABSTRACT

This study developed an evidence-based agent retention model for life insurance firms in Zambia, addressing persistent agent attrition within the sector. Employing a convergent parallel mixed-methods approach, Dr Blessed Chisenga Mwansa examined how Work Environment, Training and Career Development, Compensation, and Management Support influence commission-based agent retention, drawing on agent surveys, HR manager interviews, and agent focus group discussions. The resulting model integrates frontline leadership development, structured agent career pathways, compensation transparency, and early-stage agent income support. The findings offer practical agent retention interventions for life insurance managers and contribute theoretically to employee-retention literature within an under-researched Zambian and African insurance context.

TITLE OF STUDY	***Investigating Factors Contributing to the Underperformance of State-Owned Enterprises: Evidence from Zambia Railways Limited***

ABSTRACT

This study developed a reform framework for state-owned railway enterprises, using Zambia Railways Limited as a case study. Employing a convergent mixed-methods approach, Dr Nizah L. Mutambo examined how maintenance practices, funding adequacy, leadership effectiveness, road competition, and government policies and regulatory frameworks influence ZRL's performance. The resulting model integrates institutional readiness, operational efficiency, market responsiveness, stakeholder engagement, and strategic transformation. It provides a practical pathway for railway reform through maintenance modernisation, effective leadership, sustainable financing, regulatory improvement, and multimodal partnerships, while adapting established theories to the Zambian state-owned enterprise context.

TITLE OF STUDY	***An Alternative Innovative Model for Financing Solid Waste Management: A Case Study of Lusaka City Council***

ABSTRACT

This study developed an alternative innovative financing model for Solid Waste Management (SWM) in Lusaka City, Zambia, addressing limitations in the existing financing mechanisms and the growing demand for sustainable waste management services. Employing a mixed-methods approach, Dr Sidney Lukundo Ngwira examined the challenges of current SWM financing and assessed the potential of innovative financing mechanisms, including technology and digital payment systems, public-private partnerships and stakeholder participation. The study drew on quantitative data from 377 valid questionnaire responses and qualitative evidence from 13 stakeholder interviews. The resulting Multi-Lever Urban Waste Management (MUWM) Framework integrates financial innovation, governance and accountability, and behavior and communication into a coherent financing model. Findings indicate that technology and digital payment systems can strengthen financial support for SWM, while stakeholder participation and improved transparency in PPPs are critical to building sustainable financing mechanisms. The study contributes a context-specific financing framework for Lusaka and provides practical guidance for policymakers, local authorities, private-sector actors and communities seeking to improve the sustainability and effectiveness of SWM financing.

TITLE OF STUDY	***Towards a Resilient AI-Enhanced IoT-Driven Framework for Real-Time Environmental Monitoring and Predictive Aquaculture Management in Mining-Affected Zones***

ABSTRACT

This study developed a Resilient AI-Enhanced IoT (RAEI) framework for real-time environmental monitoring and predictive aquaculture management in mining-affected zones. The framework integrates IoT sensing, LoRaWAN communication, energy-aware algorithms, cloud-based analytics, machine learning, and actionable alerts to support continuous water-quality monitoring and predictive decision-making. Validated through field simulation, the framework enables adaptive sensing, energy-efficient data transmission, environmental risk detection, and aquaculture management interventions. The study demonstrates how resilient digital technologies can strengthen environmental governance, improve aquaculture productivity, and support sustainable livelihoods in mining-affected communities.

TITLE OF STUDY	***Development and Evaluation of an Intelligent Deep Learning Framework for Real-Time Detection and Classification of Maize Leaf Diseases Under Field Conditions in Zambia***

ABSTRACT

This study developed ZamYOLO-Maize, a deep learning framework for real-time detection and classification of maize leaf diseases under Zambian field conditions, addressing the absence of locally validated diagnostic tools. Dr Prudence Chilufya Kalunga compiled a purpose-built dataset of field-captured images from smallholder farms, annotated for lesion location, disease type and severity, then evaluated four YOLO architectures within a hierarchical detection, classification and severity-grading pipeline. YOLOv8n proved optimal for mobile deployment (4.65 ms inference; F1 0.995), while YOLOv10s achieved the highest accuracy (F1 0.999). Findings support mobile disease surveillance and precision agriculture, contributing a locally grounded resource to agricultural computer vision.

TITLE OF STUDY	***Optimizing Machine Learning Models for Disease Progression Prediction in TB/HIV Coinfection Using Resource-Limited EHR Data Systems in Zambia***

ABSTRACT

This study developed a trustworthy machine learning framework for predicting HIV care outcomes in resource-limited electronic health record systems in Zambia. Using SmartCare data on 246,053 patients across six Lusaka facilities, Joe Phiri built a leakage-safe, externally validated stacked ensemble predicting tuberculosis treatment, treatment interruption and unsuppressed viral load, integrated with an eight-dimension data quality toolkit, an economic value model, a governance architecture and an FHIR-based ICT deployment blueprint. The framework unites algorithmic development, data governance and health-system integration into one deployable model. Findings guide responsible AI adoption in Zambia's HIV/TB programme and advance predictive analytics for African public health.

CONGRATULATIONS TO THE CLASS OF 2026!

The ZCAS University Student Union (ZUSU) warmly congratulates the Class of 2026 on this remarkable achievement.

Today is not just the end of your academic journey, but the beginning of a new chapter filled with purpose, opportunity, and possibility. Through challenges, late nights, deadlines, and moments of doubt, you remained resilient and determined and today, your hard work has paid off.

As you step beyond ZCAS University, carry with you the knowledge, values, friendships, and experiences that have shaped you. Dream boldly, lead with integrity, embrace every opportunity, and use your success to make a meaningful difference in the lives of others.

Your graduation is not the end, it is the beginning of your impact. May you go forth with confidence, courage, and purpose, and may your achievements inspire generations to come.

Congratulations, Class of 2026!

Aspire. Acquire. Prosper.

With warmest regards,
ZCAS University Student Union (ZUSU)

Presented by Solly Patel Hamir & Lawrence

Mr. Solly Patel completed his law studies at Lincoln's Inn in London. In 1975, he co-founded the law firm Solly Patel Hamir & Lawrence with Ali Hamir. Over the years, the firm gained a reputation for providing exceptional conveyancing advice and practice. It represented numerous clients across various legal domains, achieving many successful litigation outcomes, some of which were reported in the Zambia Law Reports.

As the firm evolved, new partners joined at different stages. Mr. Dick Lawrence left to join the judiciary as a judge, while Mr. Ali Hamir served as Attorney General before retiring from private practice, though he continued to consult for the firm. Mr. Solly Patel later joined Mr. Kanti Patel at Christopher, Russell Cook & Co, where he continued his private practice until October 18, 2023.

In addition to his conveyancing practice, Mr. Solly Patel served as a long-standing member and Convenor of the Conveyancing Committee of the Law Association of Zambia. His academic contributions include lecturing in conveyancing and legal drafting at the Zambia Institute of Advanced Legal Education from 1978 to 2017. His extensive experience in teaching led him to author several books, manuals, handbooks, and modules on conveyancing, which are widely used by both aspiring and practicing legal professionals.

Mr. Solly Patel is revered as a conveyancing expert, known for his unmatched drafting skills and significant contributions to the legal field.
